

CADARETGRANT

Independent Thinking.

CADARET, GRANT WORKS with over 900 registered representatives located in 280 branch offices across the United States. What's the secret of our success? We have never strayed from our formula for growth: to work with professionals who exemplify the spirit of Independent Thinking—entrepreneurial advisors with integrity, energy, and leadership.

Let's focus on you.

How different would your practice be if your broker/dealer spent more time focusing on you? On your needs? On your success? As an independent broker/dealer, Cadaret, Grant does just that.

We give you real people to talk to. Experts to rely on. Technology that's not available anywhere else. And the freedom to run your practice your way.

Discover the freedom to run your business your way.

We hear about it all the time—financial advisors being pressured to sell certain products, do business a specific way, treat some clients differ-

ently than others. No one should have to work like that.

That's why Cadaret, Grant remains a privately owned broker/dealer, with no shareholders to answer to and no parent companies looking over our shoulder. What does that mean to you? It means you're free to run your business your way. It means having choices like these:

- Sell the products you want to sell.
- Process transactions by phone, fax, mail, or the Web. You won't find hidden charges depending on your preference.
- Work on a commission basis or through an RIA.
- Select the technology that's right for you.

And regardless of the options you choose, our fee structure stays the same. We don't give you bigger payouts for working with larger clients, selling particular products, or doing business with strategic partners.
