

CADARETGRANT

If You're Considering Broker/Dealers, Consider This...

WHEN TIMES ARE DIFFICULT, your first concern is your clients. Cadaret, Grant knows that you need peace of mind so

you can give them your undivided attention. That's why it's more important than ever that we're standing on solid ground. As a privately owned independent broker/dealer, we're one of few that can say we make our own decisions without input from absentee corporate parents, pulling strings from behind the scenes. We make business decisions based on the best interests of you and your clients.

We've been here almost 25 years, gaining knowledge, experience, and establishing ourselves as the broker/dealer of choice. In fact, many Cadaret, Grant Representatives have been with us ten years, 15 years, or more. Representatives appreciate the depth of knowledge and experience in the management team that serves them every day. In an ever-changing business where

most companies have a revolving door, we're proud that Cadaret, Grant's management team has industry expertise. Half of our managers have been with us 20 years or more.

We've held on to the best traditions of the past. We still don't have voice mail. We believe you should talk to someone who can help every time you call. No other broker/dealer can claim you won't talk to a machine instead of a person.

And, we're running full speed into the future. Our technology platform? Cutting edge. More importantly, we have a full support staff that's always available. Visit www.cadaretgrant.com to view our demo, Take 5, or call us and we'll mail you a copy. It's five minutes and gives you all you need to know about how we can help your business succeed.

Preserve your freedom of choice. For a confidential conversation, please call Peter Grifo at 888.205.2503. Or, visit www.cadaretgrant.com.

We give you real people to talk to. Experts to rely on.
