BARCLAYS CAPITAL INVESTOR SOLUTIONS distinguishes itself as a leader in structured investments by providing innovation, consistency, and high-quality execution. Investor Solutions has a set of capabilities to meet a wide range of client needs quickly and efficiently.

Investor Solutions is a global platform with dedicated teams in the Americas, Asia Pacific and UK/Europe. We offer a global portfolio approach with client-centric solutions across multiple asset classes. The team is dedicated to providing a suite of tailored and innovative solutions to a wide range of financial professionals. We provide opportunities for returns that make sense for our clients and are dedicated to partnering with them to meet their financial goals. Our commitment to our clients is evident in everything we do: client service is the foundation of our success.

In-House Structuring: We are a market leader in generating new ideas. Investor Solutions collaborates with structuring teams dedicated to each asset class to deliver innovative, efficient solutions to our clients.

All Asset Classes and Structures Under One RoofSM: The Investor Solutions team is dedicated to providing all asset

classes and hybrid solutions from one source. Our fully integrated setup allows us to provide efficient solutions across asset classes as well as providing for cross-pollination of ideas and structures between those asset classes.

Industrialization of the Issuance Process: The infrastructure we have in place in terms of systems, documentation and operations support, facilitates seamless execution across our various issuance platforms.

Secondary Market: We offer an award winning execution platform (www.barx-is.com) which provides live bids and offers on many of our structured investments. Our electronic trading solutions are an integrated part of our client service model, providing clients with choice of pricing, execution and servicing channels.

Barclays Capital Investor Solutions' goal is to provide a suite of tailored, flexible, efficient and innovative structured investment solutions across multiple asset classes via various issuance platforms, vehicles and capabilities.
