

We Want To Be Your First Call

All Broker Dealers are not created equal. At Sammons Securities Company® (SSC), we share our Registered Representative's passion for providing the high quality financial advice clients deserve and dedicated support and resources our Registered Representatives need to succeed. Our personalized service allows Registered Representatives to focus on what's important – the client.

Size matters – In a way you may not expect

We're not a big national name; we're not a giant corporation with thousands of Registered Representatives. And, we don't want to be. We are a stable, independent broker dealer; privately owned, not publically traded, with no Wall Street expectations or earnings pressure. We pride ourselves on diverse products and services. And, when you call for support, a real person answers the phone.

Through thick and thin

We've all experienced the challenges and opportunities of recent market downturns and clients need a strong advisor more than ever. Our team of Case Planning financial professionals have

diverse backgrounds and expertise to develop a variety of individual and comprehensive plans, no matter the market condition. From product advice to strategic business planning, Case Planning offers the support you need.

Compensation

Registered Representatives' earned payout is based on registered product commissions. The highest earned payout

We are a stable, independent broker-dealer; privately owned, not publicly traded, with no earnings pressure.

carries over as an initial payout in a new calendar year – no set back. Affiliation fees are waived for the first six months after registration. And our top performers may qualify to attend our annual conference and convention at premium travel locations.

Technology Support and Platform

Set up, training and support; it's what we do. From desktop assistance and network setup to software consultation and support, our in-house experts help make the most of your office technology.

We facilitate and provide access to brokerage accounts with trade execution, investment and research analysis, portfolio review, online brokerage account access and a vast array of products.

Make us your first call

At SSC, we focus on taking you and your practice to the next level of success. People stay with SSC because they've formed a personal relationship

with us that grows with their appreciation of how we treat their business.

At SSC, we know you have many options when it comes to choosing and building a long-term relationship with a broker dealer. We want to be your first call when you want competitive compensation, instead of proprietary requirements. When you want to be a bigger part of a smaller company. When you want the stability of being privately-held, instead of publically traded. When the day comes to choose your broker dealer, make us your first call.
